Footnotes

1 [TBD] Account can be associated/linked with a user's LF Edge account and/or EdgeX Foundry User account

2 [TBD] What is in a blank profile?

3 [TBD] Newly created profiles, copied public profiles (see 5 below), or uploaded profiles default to private; a user must opt-in to making a profile public by agreeing to licensing terms

4 Draft profiles are only visible to the accounts that created them

5 If the user is not the author of the selected public profile, then the user edits their own copy of the profile (which starts off as private, see 3 above)

6 Licensing terms are Apache License v2.0

7 A user may mark one or more of their public profiles as drafts, e.g. work in progress

8 A profile submitted to the Endorsement program must not be marked as "draft" (re: work in progress)
