    - [#486](#) Mark sys mgmt services as deprecated
- QA/Test [Project Board](#)
  - Working
    - [#509](#) Implement config tests for core services
    - [#514](#) Add App Services integration tests for External MQTT Trigger
  - Fixed
    - [#486](#) Implement support-notifications V2 integration test
    - [#515](#) Lost AdminState in pre-created intervalaction
- CLI update (Siggi) - ADR was planned early August?
- UI Update (Jim)

Other Business

- Issue templates.. Not getting the right info. Need to review.
- New valueType "Object" and ObjectReading. Cloud to liaise with Steve Osselton and Iain Anderson and provide more context. Why not marshall to JSON?

(plus QA/Test, System Management and UI)

7/22/21

Attendees

Participants (6)

- JB James B... (Co-host, me) **Mute** **More >**
- L- Lenny - Intel (Host)
- JW Jim Wang (Intel)
- RH Rodney Hess
- T tonyespy
- MW Mengyi Wang - Canonical

Invite **Mute All** ...

Agenda

- Ireland TieUp
  - V2 Docs
    - 29 new issues
