

EdgeX Foundry Core Working Group

(plus QA/Test, System Management and UI)

08 November 2022

ATTENDEES

Participants (7)

 Cloud (IOTech) (Host, me)

 Jim White

 Rodney Hess (Beechwoods)

 Cece Shen

 Jim Wang (Intel)

 Lenny -Intel

 Melody Liu

AGENDA

TAF Status

- Functional tests:
 - Non-Security **606** tests - all passed
 - Security **606** tests - all passed
- Integration tests:
 - Non-Security **122** tests - all passed
 - Security **125** tests - all passed
- Performance tests:
 - Non-Security **10** tests - all passed
 - Security **10** tests - all passed

QA Progress

- Executed North-south messaging tests with external MQTT broker over TLS manually

Core Progress

- Cloud will review the change logs of edgex-go and edgex-ui-go

Any Other Business

- The meeting next week (15th November) will be canceled.

Ticket Status
