

Device and Device SDK Working Group

Notes for January 6 2020

Status updates

- device-rest-go is adopted into the main edgexfoundry project
 - DevOps are working on CI/release infrastructure; we'll need to arrange a release once this is ready
- PR for Discovery and Array design documents #67 on edgex-docs, ready for review
 - Post-meeting note: split into one PR per design doc:
 - <https://github.com/edgexfoundry/edgex-docs/pull/67>
 - <https://github.com/edgexfoundry/edgex-docs/pull/68>

Next meeting

- Next week's meeting to include presentation of "Visual Inference Device Service"
