2022-09-29 Meeting notes

Recording

[2022-09-29 Meeting Recording](#)

Attendees

Arnaud J Le Hors

Jim White

Farhaan Mohideen

David C Martin

Rodney Hess

Goals

- Create a demo that we can run in our companies labs and use to demonstrate ORRA's value proposition
- Leverage the LF Edge lab infrastructure to set up and run an ORRA instance
- Provide a stable, supported definition of all ORRA components
- Let people bring their own use case and experiment with the platform

Discussion items

Time	Item	Who	Notes
20 min	Potential gaps in the reference architecture - followup: Do we want to add anything to the ORRA reference architecture ?	Joe Pearson	slides
20 min	Architectural Diagram - followup: Any further changes necessary?	Joe Pearson	https://drive.google.com/file/d/1n46dvFdWeHBsyoq8WVpB61RWP8HjBn0W/view?usp=sharing https://lists.edgexfoundry.org/g/EdgeX-ORRA/message/152

10 min	Any other update?	All	Accuknox just joined the Open Horizon TSC, and they are an Adopter.

Accuknox just joined the Open Horizon TSC, and they are an Adopter.

They are the primary Maintainers of KubeArmor and Cilium in CNCF.

We may want to invite them to ORRA to assist with any runtime and network security issues. (Ron Victor <ron.victor@accuknox.com>, Rahul Jadhav <r@accuknox.com>)

Based on their integration work, we could have them run a security scan of the demo and generate a security policy and then enforce it to both ensure runtime security of an example and to validate that our approach follows best practices for secure workloads.

In fact, the results of this would form a great webinar topic.

Hacktoberfest 2022 begins Saturday. This is an opportunity to attract new contributors to ORRA and EdgeX Foundry.
Let's:

1. Create more issues
2. Label relevant issues "hacktoberfest"
3. Ask EdgeX Foundry to add "hacktoberfest" topic to our repo (today).

Action items

- [ ] Talk to potential Adopters and see if they have any pressing use cases they would like to address with ORRA
- [ ] David C Martin to write down a one page description of the Architectural Diagram to publish along with the diagram
- [x] Think about whether we should add any text to the ORRA Ref architecture document about what is not considered part of ORRA but might still be necessary in practice
- [ ] Publish the reference architecture diagram
