

EdgeX Security WG Meeting

<https://wiki.edgexfoundry.org/display/FA/Security+Working+Group>

April 5, 2023

Attendees

Agenda

Notice

- EdgeX Security WG looking for a new chair from July 2023 - June 2024

Discussion

- OpenZiti prototype progress updates
 - SDK's now have the ability to establish connection to the network fabric using a signed JWT
 - Will enable EdgeX services to not expose open ports on the host - connectivity only via the overlay network - secures network communication.
 - Will affect go-mod-bootstrap the most:
 - Replace netcon object with a Zitified netcon object

- Listeners listen with an OpenZiti listener
- Dialers dial with an OpenZiti dialer

Standing Agenda

- [Review Security Board](#)
- [Review CIS docker scan](#) (will skip unless something changes) (click latest run, go to classic, view console output).
 - Last checked: August 3, 2022 – as expected
- [Review Snyk \(Jenkins\)](#) (will skip unless something changes) ([Imagelist](#))
- Review action items from previous week

Action Items

- 7/14/21: Bryon: Update security policy documentation w.r.t. when to use GitHub security advisories to notify users of issues.
