Napa 3.1.0: DevOps Scope

Release: November 2023

- ~~Named/Vanity (i.e minor 3.x) tag automation on release.~~
- ~~Generate GitHub releases on tag creation via GitHub actions.~~
- ~~POC gotesttools/gotestfmt for better unit test output in Jenkins pipelines.~~
- ~~Address missing commits in changelog due to issue with “!” in the commit type. Bug with <https://github.com/git-chglog/git-chglog/issues/235>~~
- ~~Fully Automate DockerHub description/overview updates.~~
- ~~Go version upgrades (if applicable).~~
- ~~Misc release automation cleanup. Need to followup with Bill and Lenny on this~~

Patch Release Branch

Job:
