

Device and Device SDK Working Group

Notes for August 24 2020

Issues

- Entrypoint vs CMD in Dockerfiles (all services)
 - Consistency required across EdgeX
 - Ernesto assigned to all issues
- device-sdk-go #552 (Aysnc processing)
 - Tony to review
- device-sdk-go #522 (Remove globals)
 - One more PR expected after #568

Next meeting 14th September
