

1/24/22

Attendees:

Others may have joined after attendance was captured.

Agenda

- Look at web stats for December (both English and Chinese web sites)
Neither web site shows significant up-tick in traffic over December despite social media push, blog posts, Challenge announcements, and Jakarta launch.
- EdgeX Smart * Challenge - having cancelled the event, what do we do for the next time
Only 2 registrants for the contest and so it was postponed until summer or fall.
The workgroup will look to find better promotional outlets before trying again
