CII Badge Program

Brett Preston

LF Core Infrastructure Initiative (CII) Badge Program

- The Best Practices Badge is an open source secure development maturity model. Projects having a CII badge will showcase the project's commitment to security.
- The [Linux Foundation \(LF\) Core Infrastructure Initiative \(CII\) Best Practices badge](#) is a way for Free/Libre and Open Source Software (FLOSS) projects to show that they follow best practices. Projects can voluntarily self-certify, at no cost, by using this web application to explain how they follow each best practice. The CII Best Practices Badge is inspired by the many badges available to projects on GitHub. Consumers of the badge will be able to quickly assess which FLOSS projects are following best practices and as a result are more likely to produce higher-quality secure software.
- Overview A: <https://www.coreinfrastructure.org/programs/badge-program>
- Overview B: <https://bestpractices.coreinfrastructure.org/>
- Examples of Badge Program in action:
<https://bestpractices.coreinfrastructure.org/projects?q=hyperledger>
<https://wiki.hyperledger.org/>
- **Question:** Is this something the community is interested in? Any volunteers to help complete application?

EdgeX Ambassador Program

Brett Preston

EdgeX Ambassador Program

Ambassadors

EdgeX Ambassadors (EXAs) are individuals who are passionate about EdgeX technologies, are recognized for their expertise, and most importantly, are willing to help others learn about the EdgeX framework and community.

The EdgeX Ambassador program exists to empower community members with the tools and resources needed to help evangelize and advance the project.

Multiple avenues exist for contribution:

- Present EdgeX in [local IoT Meetups](#)
- Assist with project documentation
- Help advance the TSC by tackling items listed on [Contributor Suggestions](#)
- Help take EdgeX global through regional content translation
- Help tell the EdgeX story (through speaking opportunities, community blog series contribution)

Membership in EdgeX Foundry is not required to be an Ambassador. Anyone from the community is welcome to apply!

Requirement for becoming an official EdgeX Ambassador:

- Employed by an EdgeX Foundry member company [OR]
- Active contributor to the EdgeX Community

EDGE X FOUNDRY™

AMBASSADOR

EdgeX Ambassador Program

What's in it for you?

- Recognition on the website
- Discounts on EdgeX produced events
- Eligible for annual EdgeX Community Award for Top Ambassador
- Potential speaking opportunities

Are you interested in becoming an official EdgeX Ambassador?
