Snappy Deployment Project Group

This project group is dedicated to building and deploying Ubuntu Core "Snaps" - an alternate platform and deployment means for EdgeX.

Meeting Time

- Snappy Project updates occur as part of the weekly DevOps WG meetings.
- **NOTE**: This project group has been disbanded as the Snap work is now part of the mainstream effort. Snap issues are now addressed during the DevOps Working Group meetings

Meeting Minutes

- August 7, 2018:
  - Meeting Recording
  - Meeting Notes
- July 24, 2018: Meeting Recording
- July 17, 2018: Meeting Recording
- June 19, 2018: Meeting Recording
- June 12, 2018: Meeting Recording
- May 22, 2018: Meeting Recording
- April 10, 2018: Meeting Recording
- March 27, 2018: Meeting Notes, Meeting Recording
