Meeting Minutes

- May 24, 2018: Meeting Recording
- Minutes-24/05/2018:
  Attendees: Jim, Tiejun, Huaqiao, Andy, Brett
  Summary:
  Tiejun and Huaqiao had a brief introduction to their Web UI specific to EdgeX.

  https://github.com/badboy-huaqiao/simple-local-gateway-console

 Andy: IoTech has a similar GUI solution to some extent so basically IoTech and VMware could work together at this point.

Jim: He proposes we try to reconvene in 3-4 weeks time. At that time we should start work on some action items.

   Tiejun: He's thinking if we can write down one white paper to make this clear. Maybe we can define what kind of UI is specific to edge computing with EdgeX with this paper.
