Term

Term of service for TSC/Working Group Chairs and leadership roles is July 1, 2021 - June 24, 2022.

The term of service for the current TSC was extended (by TSC Vote in May 2020) by one week to accommodate the Ireland/EdgeX 2.0 release (happening June 30).

Note: The TSC is currently considering combining the Core and Test/QA working groups (and chair positions). Therefore this is listed as a single chairmanship for now.
