Go Lang Microservices Project Group

The Go Lang project is a collection of EdgeX contributors working on Go Lang replacement EdgeX services and capabilities. The team is meeting to discuss and exchange code guidelines, lessons learned, issues, etc. with regard to Go Lang development of EdgeX and to start to lay down the necessary infrastructure for using GoLang more widely in EdgeX.

To participate in this ad hoc work contact Jim White (james_white2@dell.com)

Meeting Time

- Go Lang Project updates occur as part of the weekly Core WG meetings.
- **NOTE**: This project group has been disbanded as the Go work is now part of the mainstream effort. Go issues are now addressed during the Core Working Group meetings
